

RESUME

Personal Details

Name: Sunny Bhull
Email: sunnybhull95@gmail.com
GitHub: <https://github.com/sunnybhull95>

Objective

To obtain challenging position in an organization to expand my learnings, knowledge and skills. Secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company.

Experience

At HR Gupta & Company (2022–2023), I worked as a Client Relations Executive, guiding clients through the trademark registration process.

I addressed inquiries, explained legal benefits, and resolved concerns related to intellectual property rights.

Education

Bachelor in Commerce (Mumbai University) - 7.00 CGPI

Technical and Soft Skills

Technical Skills

- **HTML, CSS, Bootstrap** – Skilled in creating responsive, well-structured web layouts using modern styling frameworks.
- **JavaScript, React.js** – Proficient in building dynamic UI components, handling states, props, and API integration using React.
- **Java, Spring Boot** – Able to develop secure backend applications and REST APIs using Java and Spring Boot framework.
- **RESTful API Integration** – Experienced in consuming and integrating third-party APIs with frontend and backend systems.
- **MySQL / Database Management** – Capable of designing and managing relational databases using SQL queries and normalization.
- **Visual Studio Code, Eclipse** – Efficient in using popular IDEs for frontend and backend development workflows.
- **JSON, Axios** – Able to handle data fetching, parsing, and API requests/responses effectively in JavaScript projects.
- **Postman for API Testing** – Proficient in testing, validating, and debugging APIs for smooth integration in development.
- **Microsoft Office (Word, Excel, PowerPoint)** – Basic skills in documentation, data handling, and presentations.

Soft Skills

- **Client Relationship Management** – Experienced in handling client queries, building trust, and delivering tailored solutions.
- **Effective Communication** – Strong written and verbal skills to convey ideas clearly in technical and non-technical contexts.
- **Problem-Solving** – Ability to analyze issues logically and implement efficient, long-term solutions.
- **Time Management** – Skilled in prioritizing tasks and meeting deadlines in fast-paced environments.
- **Adaptability** – Comfortable learning new tools, frameworks, or shifting project requirements quickly.
- **Team Collaboration** – Cooperative team player who contributes ideas and supports group goals in a project setting.
- **Attention to Detail** – Focused on accuracy in coding, documentation, and client interactions.
- **Work Under Pressure** – Capable of delivering quality work even during tight deadlines or stressful scenarios.
- **Learning Attitude** – Self-motivated to continually upgrade technical skills and stay updated with industry trends.
- **Professional Email Writing** – Experienced in writing clear, polite, and purposeful emails for clients and team communication.

Projects

1. MaganlalChikki.in – ReactJs, React Bootstrap.
2. Grand Car Rental System – ReactJs, TailwindCss, Java, Spring Boot.

Certifications

Completed Course in Java Full Stack Development from TryCatch Classes (Borivali)
